Sturminster Marshall Parish Council

IT Policy

Adopted: 6th November 2025

Review Date: 6th November 2026

Responsible Officer: Parish Clerk

1. Introduction

Sturminster Marshall Parish Council recognises the importance of effective and secure information technology (IT) and email usage in supporting its business, operations, and communications.

This policy outlines the guidelines and responsibilities for the appropriate use of IT resources and email by council members, employees, volunteers, and contractors.

2. Scope

This policy applies to all individuals who use Sturminster Marshall Parish Council's IT resources, including computers, networks, software, devices, data, and email accounts.

3. Acceptable use of IT resources and email

Sturminster Marshall Parish Council IT resources and email accounts are to be used for official council-related activities and tasks. All users must adhere to ethical standards, respect copyright and intellectual property rights, and avoid accessing inappropriate or offensive content.

4. Device and software usage

Where possible, authorised devices, software, and applications will be provided by Sturminster Marshall Parish Council for work-related tasks.

Unauthorised installation of software on authorised devices, including personal software, is strictly prohibited due to security concerns.

5. Data management and security

All sensitive and confidential Sturminster Marshall Parish Council data should be stored and transmitted securely using approved methods. Regular data backups should be performed to prevent data loss, and secure data destruction methods should be used when necessary.

6. Email communication

Email accounts provided by Sturminster Marshall Parish Council are for official communication only. Emails should be professional and respectful in tone.

Be cautious with attachments and links to avoid phishing and malware. Verify the source before opening any attachments or clicking on links.

7. Password and account security

Sturminster Marshall Parish Council users are responsible for maintaining the security of their accounts and passwords. Passwords should be strong and not shared with others. Regular password changes are encouraged to enhance security.

8. Mobile devices

Mobile devices provided by Sturminster Marshall Parish Council should be secured with passcodes and/or biometric authentication.

9. Retention and archiving

Emails should be retained and archived in accordance with legal and regulatory requirements. Regularly review and delete unnecessary emails to maintain an organised inbox.

10. Reporting security incidents

All suspected security breaches or incidents should be reported immediately to the designated IT point of contact for investigation and resolution. Report any email-related security incidents or breaches to the IT administrator immediately.

11 Training and awareness

Sturminster Marshall Parish Council will provide access to regular training and resources to educate users about IT security best practices, privacy concerns, and technology updates. All employees and councillors will receive regular training on email security and best practices.

12. Compliance and consequences

Breach of this IT and Email Policy may result in the suspension of IT privileges and further consequences as deemed appropriate.

13. Policy review

This policy will be reviewed annually to ensure its relevance and effectiveness. Updates may be made to address emerging technology trends and security measures.

All staff and councillors are responsible for the safety and security of Sturminster Marshall Parish Council's IT and email systems. By adhering to this IT and Email Policy, Sturminster Marshall Parish Council aims to create a secure and efficient IT environment that supports its mission and goals.
